EMPLOYER'S RESPONSIBILITY

PLEASE CAREFULLY READ INFORMATION PROVIDED BELOW TO ENSURE YOUR VEHICLE IS WAITING FOR YOU AT THE END OF YOUR TRIP.

1. **THIS IS VERY IMPORTANT!** All keys must be put in the prearranged places as noted above. You must test the keys to make sure they not only start the car but that it will run. Newer cars will only run with a specific key that has a chip or the electronic key fob and a copy won't suffice. If you lock the car with your fob but don't leave us one, or one with a dead battery we won't be able to disarm the alarm and thus, can't move your car which = a very sad situation for you! Again, the last thing you should do before you launch is double check your key is where it is supposed to be!
2. **SO IS THIS.** You must leave signed WAIVER in vehicle. We cannot move your vehicle without your authorization.
3. All changes, especially regarding keys, must be made prior to launch and **must** receive a confirmation from Coyote Shuttle. There is no cell service at many of the launches, including Potash, Mineral Bottom and Ruby Ranch.
4. Please make sure your tanks are **FULL!** **PLEASE NOTE: We will not be responsible for vehicles that run out of fuel and we will not transport vehicles left with empty tanks.** Even if you leave extra money you need to leave us with a full tank.
5. If you leave money for a tip or for extra fuel, please make a note of it as any extra money will be used to buy burgers at Ray's Tavern in Green River. ;)
6. You must inspect your trailer before your trip to make sure the tires are inflated and bearings are in good condition. Make sure the **deck is secure** even without a boat on it to hold it together. If it is locked on, keys must be left in vehicle in an **obvious** place in case of trailer failure.
7. We will not be responsible for any costs incurred if your vehicle breaks down. We will do our best to get it to a safe spot or follow your instructions specified above. You will be billed for any additional service provided by Coyote Shuttle, LLC.
8. Do not leave trash or anything in the bed of trucks or trailers. Please deal with your trash before you launch. It attracts animals and/or will blow out while driving and will cause a mess. If we have to clean up your trash, we will put it inside your rig.
9. Please keep valuables hidden from view. In our 20+years, no one has ever reported damage to vehicles or property loss at the parking areas but let's not tempt anyone.

CONTRACTOR'S RESPONSIBILITY

A Coyote Shuttle owner accompanies every shuttle. Some of our vehicles have over 600,000 miles on them because we take care of them. We will do the same with yours. Your vehicle will be at the takeout unless the road has washed away, your car breaks down, there is no key or there is no gas. We are pretty handy and will do our best with any roadside repairs but will be limited to our resources.

REFUNDS/CANCELLATIONS

No refunds will be issued if upon our arrival the keys are not in the right place or if the key doesn't work or the vehicle is without fuel. There is no fee for cancellations made 7 days prior to your launch date. Cancellations less than 7 days and up to 3 days will be charged 50% of the total cost of the trip. Total trip cost will be forfeited for any cancellation within 72 hours of launch date.
